

## Driver Management Services

### Know your people, control your risk.

**For your risk management policy to be successful, it is essential to regularly monitor and assess your drivers and their vehicles.**

With our risk management solution we are able to manage multiple activities on your behalf. Our aim is to provide you with peace of mind and useful management information enabling you to take corrective action when required.

#### Our solution includes:-

- **Information gathering**

Detailed records of all your employees driving on company business including age, driving experience, health and accident records.

- **Journey evaluation**

An assessment of high mileage drivers and effective journey planning.

- **Driving licence checks**

Driving licences are electronically validated as required or at least annually, directly with the DVLA, removing the need to view paper versions.

- **Annual insurance and MOT audit**

Ensuring drivers who take cash or use their own vehicle on company business hold valid insurance and MOT certificates.

- **Annual nominated driver management**

Detailed records of nominated drivers.

- **Annual vehicle safety checks**

Checking the chosen vehicle is fit for purpose, serviced and maintained in accordance with the manufacturer's guidelines.

- **Education and communication**

It is important to create and communicate a safety culture within your organisation, ensuring all areas of the business are aware of the company's policy and objectives.

- **E-learning**

Our online training solution developed in conjunction with RoSPA, identifies low, medium and high risk drivers and draws your attention to any motor vehicle training requirements.
